U. S. D. A. ORCHESTRA

U. S. D. A. has had a large and successful orchestra in past years, but since the War, members have gone into the service or transferred out of the Department and we now have only a small nucleus and the excellent Director, Dr. Walter Bauer left. However, this is very good material upon which to rebuild our orchestra and Dr. Bauer is very much interested in doing this.

There are many occasions when an orchestra is needed by the Department. We shall be depending on the U. S. D. A. Orchestra to play for an event which we hope will occur in the very near future. If you are interested in becoming a member of the Orchestra call ext. 3105 and give your name and the kind of instrument you play.

A BROADCAST TO AGRICULTURE

Hello there! This is Ed Brigham, Business Manager of the Agriculture Players, speaking. May I have just a minute of your time to tell you about our group?

Agriculture Players is a Department organization which is still in its infancy. Let's help it grow.

We would like to have as members those who are interested in working in "Theater". We would like to have as supporters those who are not interested as members but like the theater as a good sound medium of relaxation and entertainment. The first, major, paid-admission production will be on Nov. 2, 3 and 4. Washington is urgently in need of theater groups. Here is one within our own Dept. Its members are your fellow workers and friends. They are giving their time and talent. Will you give them your support? We will be there on November 2, 3, and 4. Will you?

Now I see that my time is up. Until the next time, thank you, goodbye, and keep smiling.

## BPIS&amp;AE

The Plant Industry Station at Beltsville has formed an association to look after the general welfare of all Station employees. This association promotes recreational activities; provides for music, dramatic, social, and get-acquainted groups; takes care of emergency cases where help and financial aid are necessary--anything that concerns the employees' life, liberty and PURSUIT OF HAPPINESS.

The association is responsible for having placed a service flag in the Administration Bldg. of BPIS&AE at Beltsville. This flag has 288 blue stars and six gold stars. An Honor Roll will be completed very soon.

Everyone at the Station is a member of the new association. The officers are Dr. E. E. Berkley, Pres; J. H. Beattie, Vice-Pres.; Helen Hopwood, Secy.; L. O. Gillette, Treas.; and H. Zahniser, Editor. There are also six counselors. All officers are elected. The association plans to work in close cooperation with the Department and the Beltsville Research Center groups.

The Canned Fruit sweepstakes prize of \$5 and the Canned Vegetable sweepstakes prize of \$5 both went to Mrs. Floyd Smith. The sweepstakes prize of \$5 for Flowers went to Mrs. Grover B. Hill.

## FIRE PREVENTION WEEK - Oct. 8 - 14

Each year, one out of every 75 U. S. homes is damaged by fire and 10,000 persons die in fires that could have been prevented. Inspect your home and correct all fire hazards and stay fire-prevention conscious. Be a careful smoker and follow common sense rules and all precautions when using fire producing materials. In 1943, the national fire loss was 41% above the pre-war year, 1940, and large-loss fires were up 176%. It is our responsibility to see that this figure is reduced materially and Fire Prevention Week, Oct. 8 - 14, is the time to begin. THE BEST WAY TO FIGHT A FIRE IS TO PREVENT IT FROM STARTING.
